
Courtney Curtis

PRODUCER | MEDIA SPECIALIST

CLCURTIS1322@GMAIL.COM
DALLAS, TX

Dear Prospective Client,

With over 10 years of combined experience in media and live production, I have built a strong background supporting a wide range of broadcast and production environments. My primary areas of expertise include producing and production coordination, live broadcast graphics operation, and camera operation, with experience supporting projects from pre-production planning through live execution.

Over the course of my career, I have developed a diverse production skill set through hands-on work across multiple areas of the industry. This experience has given me a strong understanding of production workflows, technical operations, and the importance of adaptability and communication in fast-paced environments.

I take pride in delivering reliable, professional support while helping productions run smoothly and efficiently. Whether coordinating logistics, operating live graphics, or working behind the camera, I am committed to contributing to high-quality production experiences and successful project outcomes.

I welcome the opportunity to collaborate and support future production needs.

Sincerely,
Courtney Curtis
